Combination Senior:

An undergraduate senior student may earn up to 12 hours of graduate credit while enrolled as a Combination Senior. Eligible students may enroll concurrently in undergraduate and select graduate courses. Approval to register for graduate credit does not imply approval for admission into a graduate program at the University or that the credit earned will be accepted towards a graduate degree. After the bachelor's degree is awarded, a Combination Senior student must make formal application in order to be admitted to a graduate degree program. Courses taken for graduate credit may not be used for both the baccalaureate and graduate degree. Combination seniors are not eligible for graduate assistantships.

NOTE: Students who have been approved for the Accelerated Bachelor's/Master's (ABM) program will be allowed to count up to 9 hours toward both the undergraduate and graduate degree.
