Typical Course Sequence for students seeking a Doctorate in Audiology Degree

Au.D. - Year 1

This example is for students who have an undergraduate degree in Communication Sciences and Disorders. Students who enter the program with another degree will be required to take at least two additional courses to complete ASHA requirements.

Fall	Spring	Summer
Anatomy and Physiology I	Psychoacoustics	Pediatric Audiology
Audiological Concepts & Lab	Diagnostic/Medical Audiology	Introduction to Audiologic Rehabilitation
Introduction to Hearing Aids	Hearing Aid Provision	Psychosocial Adjustment to Hearing Impairment
GAS Seminar Series	Practicum	Practicum
Practicum		

Au.D. - Year 2

This example is for students who have an undergraduate degree in Communication Sciences and Disorders. Students who enter the program with another degree will be required to take at least three additional courses to complete ASHA requirements.

Fall	Spring	Summer
Auditory Processing Across the Life Span	Vestibular and Balance Function	Instrumentation, Calibration, & Hearing Conservation
Electrophysiologic Assessment	Auditory Implants	Elective
GAS Seminar Series	Adult Audiologic Rehabilitation & Aging	Practicum
Practicum	Practicum	Research Project
Research Project	Research Project	

Au.D. - Year 3

This example is for students who have an undergraduate degree in Communication Sciences and Disorders. Students who enter the program with another degree will be required to take at least three additional courses to complete ASHA requirements.

Fall	Spring	Summer
Evidence Based Practice in Amplification	Communicative Interaction	Externship in Audiology
GAS Seminar Series	Elective	
Elective	Practicum	
Practicum		
Research Project		

Au.D. - Year 4

The fourth year is a full-time clinical externship that is arranged in conjunction with the Audiology Clinical Director.

Previous clinical externship sites include:

- Mayo Clinic (Scottsdale, AZ)
- Oregon Health and Science University
- University of Florida
- Veterans Administration Medical Centers
- Methodist University Hospital (Memphis, TN)
- Moog Center (St. Louis, MO)
- University of Texas Medical Branch (Galveston, TX)
- Bay Audiology (New Zealand)
- Callier Center (Dallas, TX)
- LeBonheur Children's Hospital (Memphis, TN)
- Children's Hospital of Boston (Boston, MA)
- Brigham and Women's Hospital (Boston, MA)
- O.C. Physician's Hearing Services (Orange Co, CA)
- Arkansas Children's Hospital (Little Rock, AR)
